

Designed in house and in association with Ingersoll Rand, DPGOC presents the

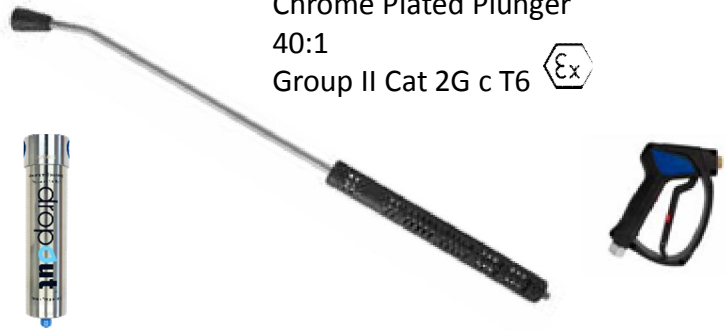

AROClean™ pressure washer

Max Fluid Working Pressure	4900 PSI (342 Bar)
Max Air Working Pressure	120 PSI (8.3 Bar)
Recommended Pump Speed	70 cycles/min
Displacement per Cycle	14.5 cu in (237.6 cm ³)
Sound Level at 60 PSI	<87 (dBa)
Max Operating Temp	80 (°C)
Flow @ 70 Cycles/min	3.7 USGPM (14 lpm)
Fluid Outlet Size	1" (NPT)F
Fluid Inlet Size	1" (NPT)F
Air Inlet Size	1/2" (NPT)F
Width	745 mm
Height	1520 mm
Depth	730 mm
Weight	150 kg
Wetted Parts	Lower Pump Material 300 Series Stainless Steel with 17-4 Stainless Hard Chrome Plated Plunger
Ratio	40:1
ATEX	Group II Cat 2G c T6 

Package Includes -

- Stainless Suction Rod with non return valve.
- Spray Gun & lance with spray tips.
- 15m Conductive Hose.
- Water Filter to protect spray tips blockage.
- Dropout compressed air filter for long life.
- Integral Pressure Regulator & Gauge.

Junior and Wall Mounted

Designed in house and in association with Ingersoll Rand, DPGOC presents the

AROClean™ Junior pressure washer

Max Fluid Working Pressure	1350 PSI (93 Bar)
Max Air Working Pressure	150 PSI (10.3 Bar)
Recommended Pump Speed	60 cycles/min
Displacement per Cycle	11 cu in (180.2 cm ³)
Sound Level at 60 PSI	<90 (dBa)
Max Operating Temp	80 (°C)
Flow @ 70 Cycles/min	2.8 USGPM (10.5 lpm)
Fluid Outlet Size	3/4" (NPT)F
Fluid Inlet Size	1-1/4" (NPT)F
Air Inlet Size	1/2" (NPT)F
Weight	20 kg
Wetted Parts	316 Stainless Steel
Ratio	9:1
ATEX	Group II Cat 2G c T6 

Package Includes -

- Plastic Suction Rod with non return valve.
- Spray Gun & lance with spray tips.
- 15m Conductive Hose.
- Dropout compressed air filter for long life.
- Integral Pressure Regulator & Gauge.

More Powerful and Cart mounted Versions also available.
